BRINGING NEW ORLEANS COOKING (AND COCKTAILS) HOME

Beloved cocktail and oyster bar Maison Premiere in Brooklyn taught us how to do New Orleans gumbo, oysters, and cocktails their way

BY KAT CRADDOCK FEBRUARY 5, 2019

Maison Premiere—the oyster and cocktail bar that has playfully led Williamsburg's hipsterification—has never been an establishment that does things half-way. With the only operational vintage absinthe fountain in America, a fine-dining-sized fleet of dapperly-dressed service staff, and an oyster selection that always manages to stay a selection or two ahead of Manhattan's massive Grand Central Oyster Bar, Maison Premiere is one of the crown jewels of Brooklyn's craft cocktail scene. And definitely one of our favorite ways to transport ourselves to New Orleans on a Friday night.
